An act to add and repeal Section 13084 to the Government Code, to amend Section 1095 of the Unemployment Insurance Code, and to add and repeal Section 11026.5 to the Welfare and Institutions Code, relating to public benefits.

[Approved by Governor September 30, 2014. Filed with
Secretary of State September 30, 2014.]

LEGISLATIVE COUNSEL'S DIGEST

AB 1792, Gomez. Public benefits: reports on employers.

Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services, and under which qualified low-income persons receive health care benefits. The Medi-Cal program is governed, in part, by federal Medicaid provisions.

This bill would, until January 1, 2020, require the State Department of Health Care Services to annually inform the Employment Development Department of the names and social security numbers of all recipients of the Medi-Cal program. The bill would require the State Department of Health Care Services to determine the average per individual cost of state and federally funded benefits provided by the Medi-Cal program and inform the Employment Development Department of these costs. The bill would require the Employment Development Department to collaborate with the State Department of Health Care Services and the State Department of Social Services to determine the total average cost of state and federally funded benefits provided to each identified employer's employees, as specified. The bill would define an employer as an individual or organization that employs 100 or more beneficiaries of the Medi-Cal program.

The bill would also require the Department of Finance to, after obtaining specified information from the Employment Development Department, annually transmit to the Legislature and post on the department's Internet Web site a report no later than the 3rd week of January of each year beginning in 2016 until January 1, 2020, that, among other things, identifies employers that employ 100 or more beneficiaries in the state, as specified.

Under existing law, federal nutrition assistance benefits are administered through CalFresh, as specified.

The bill would, until January 1, 2020, additionally require the State Department of Social Services to annually determine and provide to the Employment Development Department, the percentage of individuals who are recipients of the Medi-Cal program who are also recipients of the CalFresh program, and the average individual CalFresh benefit for

individuals who are members of households in which at least one member is employed.

Under existing law, the information obtained in the administration of the Unemployment Insurance Code is for the exclusive use and information of the Director of Employment Development in the discharge of his or her duties and is not open to the public. However, existing law permits the use of the information for specified purposes, and allows the director to require reimbursement for direct costs incurred. Existing law provides that a person who knowingly accesses, uses, or discloses this confidential information without authorization is guilty of a misdemeanor.

This bill would, until January 1, 2020, require the Director of Employment Development to permit the use of specified information in his or her possession by the Department of Finance to prepare and submit the above-described report. By requiring this information to be provided to the Department of Finance for these purposes, this bill would expand the crime of unauthorized access, use, or disclosure of this information, and would impose a state-mandated local program.

This bill would prohibit an employer from discharging or in any manner discriminating or retaliating against an employee who enrolls in the Medi-Cal program and from refusing to hire a beneficiary for reason of being enrolled in the Medi-Cal program.

This bill would prohibit an employer from disclosing to any person or entity that an employee receives or is applying for public benefits, unless authorized by state or federal law.

This bill would incorporate additional changes to Section 1095 of the Unemployment Insurance Code proposed by SB 1028 and SB 1141, to be operative if this bill and one or both of the other bills are enacted and become effective on or before January 1, 2015, and this bill is enacted last.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) Public benefit programs are essential to provide Californians with access to fresh, healthy food, quality health coverage, basic needs, cash assistance, child care, and income supports, among other benefits.

(2) The state needs to preserve and expand public benefit programs to ensure that no Californian has to go hungry or forego medical care because he or she cannot afford these basic life necessities.

(3) In 2013, California had the highest number of working poor families in the country. More than one-third of the state's working families are low income, making less than 200 percent of the federal poverty line.

(4) When low wages and a lack of benefits leave workers unable to make ends meet, they turn to public assistance programs for health care, food, and other basic necessities.

(5) Employers that pay low wages and offer no benefits shift the costs of doing business onto taxpayers.

(6) Large, profitable employers should pay wages and benefits that do not impoverish workers or shift costs onto taxpayers.

(7) Employers that shift the costs of their business expenses onto taxpayers put responsible employers at a competitive disadvantage, creating an unfair playing field for business in the state.

(8) To promote a deeper understanding of the causes and sources of underemployment, poverty wages, and the economic impacts on Californians, business, and the state budget, it is appropriate for policymakers to possess a broader set of empirical data with which to make informed decisions.

(b) Therefore, it is the intent of the Legislature to do all of the following:

(1) Produce a report on employers that have employees enrolled in public assistance programs and on the cost to the state of providing those benefits.

(2) Use the report described in paragraph (1), along with other studies related to labor trends, to analyze practices within industry sectors detrimental to economic competitiveness in the marketplace.

(3) Ensure that all Californians have access to public benefit programs that safeguard their identity and privacy and ensure that receipt of public benefits never is the cause of workplace discrimination.

(4) Develop policies to decrease the number of working poor in California by increasing the quality of jobs and employment opportunities and informed employment and training programs.

(5) Use the data contained within the report to promote sound and reasonable policies to ensure that employers do not shift the responsibility for providing health care and basic necessities for their workers onto taxpayers through the use of the data contained within the report to develop reasonable and sound policies.

(6) Ensure that no worker is discriminated or retaliated against for the reason of being enrolled in a public benefit program.

(h) (1) An employer shall not discharge or in any manner discriminate or retaliate against an employee who enrolls in a public assistance program and shall not refuse to hire a beneficiary for reason of being enrolled in a public assistance program.

(2) An employer shall not disclose to any person or entity, unless otherwise permitted by state or federal law, that an employee receives or is applying for public benefits.
